RADIO GUIDE

TO COMMUNICATE

"<Your name> for <person you need to reach>,"

e.g. - *"Natalie for Megan"*

WAIT to hear "Go for Megan",

STATE YOUR LOCATION before relaying your message.

e.g. - *"I'm at Block 8 Barricade and..."*

Always be clear and concise!

BROKEN RADIO OR DEAD BATTERY

If your radio is not working pick up a new radio at the artist lounge;

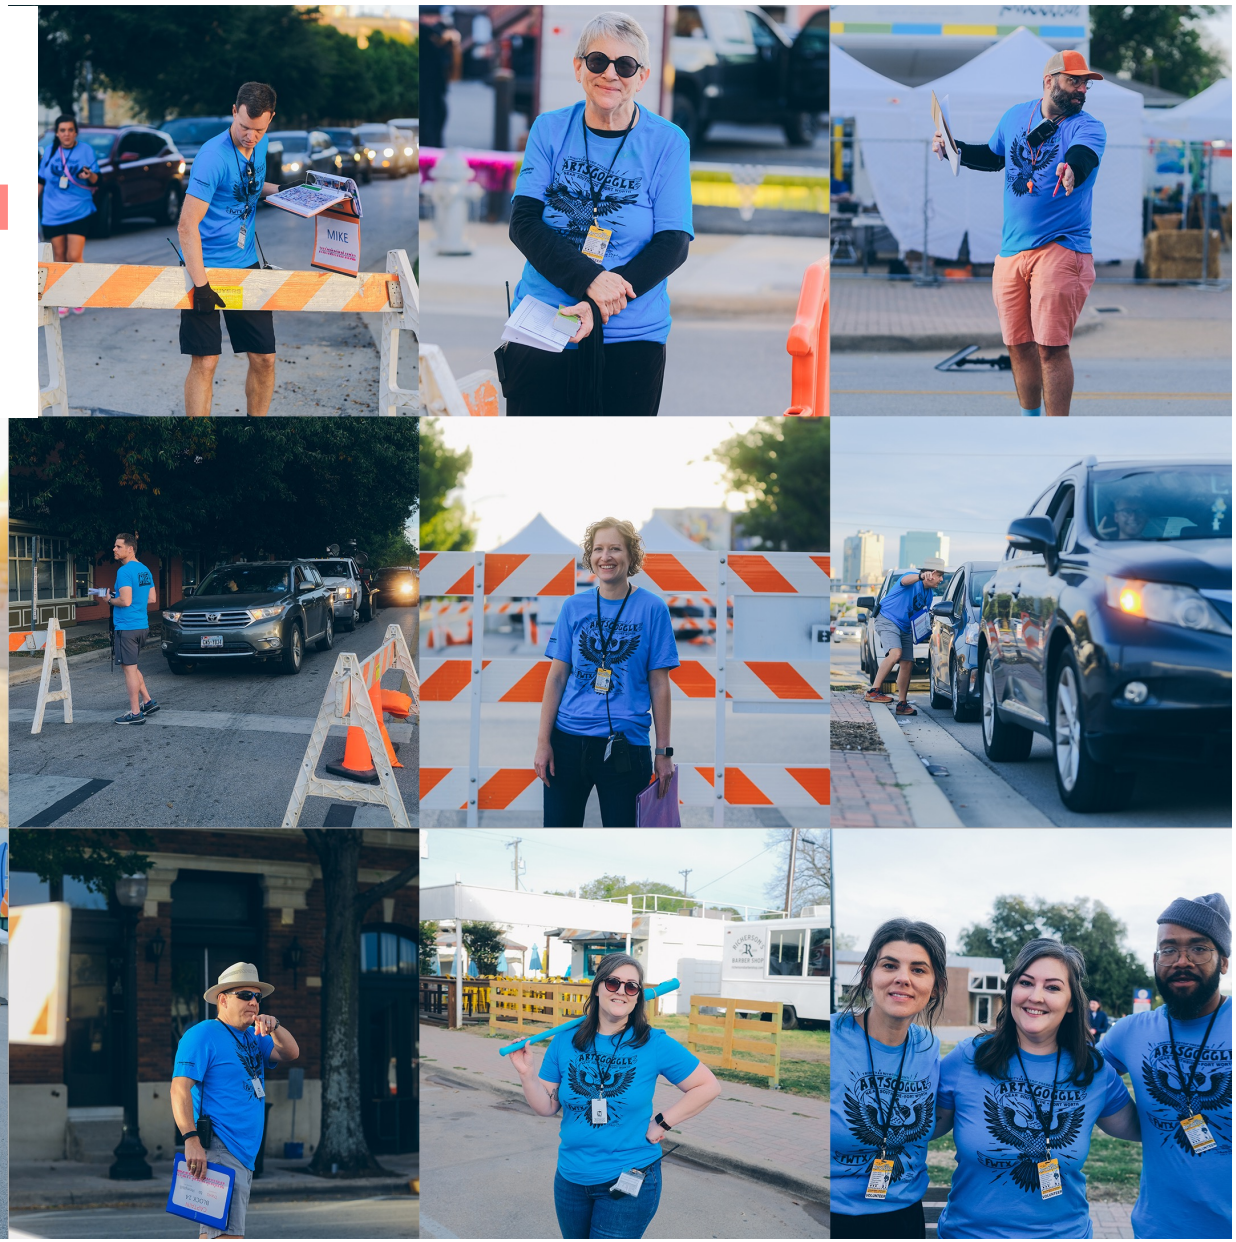

Volunteer check in at One Safe Place

WEATHER MESSAGING

Message for "weather watch" conditions
"Artists, we have spotted storms on the radar at 15 miles away from the festival. We want you to know we are watching the weather carefully. If storms come within 8 miles, we will close the festival. There is no need to take action at this time"

Message for cancellation of event – Inclement Weather
"Ladies and gentlemen, may I have your attention please. Due to inclement weather, we must regrettably close the festival. For your own safety, we ask you to please vacate the premises immediately but calmly."

For artists specifically: "Artists, we are closing the festival due to inclement weather conditions. We ask that you calmly but quickly begin packing your booths. Once your entire booth has been condensed to a small pile ready to load, please your see your block captain to safely bring your vehicle back onto the street to load and leave."

All Clear Message
"Ladies and gentlemen, may I have your attention please. The storms have exited the area/the incident has been resolved."

EMERGENCY SCRIPT - WEATHER

EMERGENCY SITUATIONS

Law Enforcement Situation Message
"Ladies and gentlemen, may I have your attention please. We have a law enforcement situation at_____. For your own safety, we ask you to remain calm and follow all directions from law enforcement and first responders."

Law Enforcement Situation SEEK SHELTER Message
"Ladies and gentlemen, due to an incident at _____ we ask that you please seek shelter at _____ and follow all directions from law enforcement and first responders."

Message for EVENT CANCELLATION– Law Enforcement Situation
"Ladies and gentlemen, may I have your attention please. Due to a law enforcement situation, we must regrettably cancel the event (for today). For your own safety, we ask you to please vacate the premises immediately but calmly."

GENERAL STREET DIAGRAM

SET UP OVERVIEW

FRIDAY 2:00 PM

- **Street closes** Magnolia Avenue from 8th Avenue to S. Main Street
- **FWPD** arrives, **CES electrical** set-up begins, **Stages delivered** and set up, **Taylors Rentals**
- **Overnight security** remains in place Midnight to 8:00am

SATURDAY

6:00am All staff on street.

7:00am Sponsor set-up begins

7:30am Volunteer Block Captains and Barricade Monitors in place

8:00am Group A artists and **Group A food** vendors and partner set-up begins

9:30am Group B artist arrivals

10:00am Artist lounges open

11:00am Food Group B vendor or partner arrivals

11:30am All cars off the street

11:45am Block Monitor volunteers in place to monitor two-block stretches

12:00pm ArtsGoggle opens to the public

Event Hours: 12 noon – 10 pm

ALL SET-UP VOLUNTEERS

THESE ITEMS WILL BE WAITING FOR YOU AT YOUR ASSIGNED 'ARRIVAL SPOT' IN YOUR VOLUNTEER TOTE BAG:

YOUR VOLUNTEER T-SHIRT IF YOU HAVE NOT ALREDY PICKED IT UP
If you are picking your shirt up on ArtsGoggle morning, please consider wearing a shirt that you can easily slip your volunteer shirt over – or – plan for time to run to one of the porta-potties to change shirts quickly before your shift begins.

A VOLUNTEER BADGE This will allow you to also get into the artist lounge located at: **Block 12/13 at One Safe Place 1100 Hemphill Street**, one block north of Magnolia

RADIOS One radio for the Block Captain and one radio for the Barricade Monitor on your block so that you can communicate with each other about the arrival of cars on your block and can also reach the event production staff should they have a question. If you have 'extra helpers' on your block, we will try to add extra radios to your volunteer bags. However, if you are short of radios when you arrive, and feel like you need them, simply radio Management on Channel #1 and ask for more radios.

A 10' MEASURING STICK to help mark off booth spaces. It may sound silly but we have found that tent poles are the perfect measuring implement. We will have a tent pole with the 10' mark on it ready for your use. This allows you to extend the tent pole, and then quickly flipping it end-over-end you can mark 10' spaces easily to assign space to each artist, sponsor or food vendor.

CHALK STICK AND CHALK (Block Captains only)

This upright chalk holder will allow you to mark each artists space without stooping. Artists have reserved either a 10'x10' space or a 10'x20' space reservation. The artists will know what size booth they are assigned but we strongly encourage you to check your ARTIST ASSIGNMENTS list on your ipad to confirm their booth size.

PARTNER BADGES & LANYARDS (Block Captains only)

These ID badges are to be distributed to partners as they arrive to the gate and check in for their block. Each artist booth receives just one badge per artist. Food vendors receive two badges. Sponsors receive as many badges as needed. These can be passed out as each person arrives through your barricade or you can pass these out after everyone is fully set up. However you decide to distribute these, please make sure to pass these out to everyone before you leave your shift. ALL PARTNERS MUST HAVE THESE BADGES IN ORDER TO ENTER THE ARTIST LOUNGE. If you run short of badges, please radio management for more and we'll do our best to drop with extra to share.

YOUR VOLUNTEER iPAD CONNECTS YOU TO:

PARTNERS LISTS

- **A list of the artists on your block**, their arrival group and amount of space assigned. The barricade monitor should try to check these artists off as they arrive! Use this to make 100% sure you do not allow any artists onto your block that aren't assigned to you. Space is VERY TIGHT and we do not have room for extras on any given block.

- **An alphabetized list of all ArtsGoggle artists, sponsors, and food vendors** for the entire festival just in case someone arrives to the wrong block. You can help remind them of their correct assignment.

YOUR VOLUNTEER TOOLS PAGE that includes all the general festival information you will need such as the location for toilets, food courts, stages, artist lounges, generators, etc.

RADIO INSTRUCTIONS including who is on each channel and how to use the radio

EMERGENCY INFO (let's hope we don't need it but it's there for you just in case)
This includes the language that you would use to notify event partners of a weather concern, medical emergency, or other emergency. These scripts help to ensure that in the event of a problem, you have the exact language you need.

FIRST AID & LOST 'N FOUND LOCATIONS are also included in your emergency info.

LET'S TALK ABOUT THE BLOCKS BUTTON

A link to the Block-by-Block Maps and Block-Specific Instructions

The maps are "upside down" but for a good reason.

All the maps have south at the top of the page and north at the bottom of the page. This may feel odd to look at now but when your artists are driving in for arrival they will be looking at the map in the very same direction they are pointed in their car. This is similar to the way your Google Map, Apple Map or Waze app will 'auto-orient' your driving maps when traveling and using them. Our maps are fixed but they will be facing the direction of your artists as they arrive to the street.

EACH BLOCK PAGE WILL OFFER YOU:

- **Driving maps** for your artist arrivals
- **Block "set-up" map** for your specific block
- **Block diagram** explaining the spacing on your block for the first booths
- **Special notes** for your block such as early arrivals, unique set-ups, or allowances made for sponsors and other partners who have non-traditional agreements

ARRIVAL BARRICADE MONITOR JOB DUTY:

ARRIVAL BARRICADE MONITORS WELCOME ARTISTS ONTO THE STREET

Barricade Monitors who are working 'block arrival' will stand at the EAST END of their block. All artist cars – always – enter their block from the EASTERN MOST BARRICADE.

- **KEEP THE BARRICADES CLOSED** as you wait for cars to arrive.

- As a car approaches the barricade, **greet them and welcome them to ArtsGoggle.**

- **Using the PARTNERS BY BLOCK button on your iPad, turn to the tab at the bottom of the page that is numbered to match your block**. Block 9 = Tab labeled Block 9
  You should see just the partners arriving for your block, separated by arrival groups. This is the list you will use to check in partners as they arrive to your block so that you can track who has – or has not – arrived. Use the checkbox on the left to mark them as arrived.

Personally, I think it is best to ask "What block are you assigned to" before telling them what block they have arrived to. Better to ask where THEY SHOULD BE than to tell them where THEY ARE to hold everyone honest to arriving to the correct block. Ask them to tell you before offering them the information first.

- **ASK IF THEY ARE AN ARTIST, A FOOD VENDOR OR A SPONSOR:**

  - **If they are a sponsor,** please extend a very warm welcome and thanks. Make sure to note that these are priority partners who are guaranteed 'their spot' no matter what time they arrive. Show them the map on your ipad and make sure they are comfortable with where they are assigned to set-up. Most sponsors arrive at 7:00am. Then radio the Block Captain to make them aware of a sponsor arrival.

  - **If they are a food vendor**, of course, also a warm welcome and please confirm their location with them. Make sure to radio your Block Captain to let them know a special

  - **If they are an artist, ask if they are Group A or Group B:**
    Group A artist are due to arrive at either 7:30am or 8:00am
    These tents will set-up FACING SOUTH and should be the first to arrive

    Group B artists are due to arrive at either 8:30am to 9:30am (depending on block)
    These tents will set-up FACING NORTH and should be the last group to arrive.

    Yellow tents are sponsor tents at the endcaps of each block, mostly west ends.

    Dark Green tents are food vendors. Their spots are unique.

Group B should not arrive before their assigned time, as they will be in the way of the final Group A arrivals. If this happens, make sure to notify your block captain via radio to discuss how the captain would like to handle this. They cannot simply stay at the barricade, as other Group A cars will back up behind them. You must either let them onto the Block B side of the street if possible OR help them leave the street and ask them to return later at their assigned time.

- **IF TIME ALLOWS** go ahead and distribute their partner badge and lanyard to them. This is especially helpful to do if artist cars begin to back up and they are required to wait before entering the street to load in.

- If you have confirmed they are on the correct block, arriving at the correct time, **open the barricade** and allow the partner to **TURN RIGHT onto Magnolia Ave.**

- The block captain then takes over and helps direct them to the correct spot for their set-up.

- **IF THE PARTNER HAS ARRIVED TO THE WRONG BLOCK,** using your map and artist lists help them get to the right location. As a barricade monitor, you can work with your block captain to either help the car turn around OR help them pass through your block (like all other artists, just turning right and driving down your block to the next barricade to leave.) **It is possible that you may need to carefully open the SOUTH barricade directly across from a 'wrong block car'. If so, call Management for help.**

ARRIVAL BLOCK CAPTAIN JOB DUTY:

BLOCK CAPTAINS AND BLOCK HELPERS WORK TO ASSIGN SPACE ON THE STREET

STARTING AT THE WEST END OF YOUR BLOCK, IN THE MIDDLE OF MAGNOLIA, tents will set-up west-to-east in the order that they arrive to the street.

ARTISTS ARE NOT ASSIGNED A SPECIFIC SPACE (unless it is noted on the map)
Instead, set-up takes place by group in a first-come, first-served order.

THE MOST IMPORTANT PART OF SET-UP IS GETTING THE TENT SPACING CORRECT
Please see your maps for those details. The entire 21-block festival site is built in a 10'x10' spacing model with tents lining the center of the street. The block maps help explain. **Spacing is CRITICAL TO BE CORRECT because we are very tight on space this year.** If the spacing gets off, you will not have enough room for all partners assigned to your block. Be a real stickler about the spacing. 10'x10' mean TEN FEET BY TEEN FEET…no more.

7:00 AM - Yellow tents are sponsor tents at the WEST endcaps of each block, mostly

8:00AM – All artists assigned to Group A begin arriving. These tents FACE SOUTH

9:30AM – All artists assigned to Group B. These tents FACE NORTH

9:30-10:30AM - Dark Green tents are food vendors. Their spots are unique.

PLEASE EMPHASIZE THIS ARRIVAL PROCESS TO THE ARTISTS:

- **ENTER the barricade**
- **WAIT** for a Block Captain to greet you at your car and assign a spot to you.
- **CONFIRM** that the Block Captain has assigned you the correct amount of space.
- **PATIENTLY WAIT** for others ahead of you to finish unloading so that you can pull your car up to your spot to unload.
- **QUICKLY UNLOAD YOUR ITEMS INTO YOUR ASSIGNED SPACE** but DO NOT set everything up yet.
- **GO PARK** to remove your car from the street so others can continue arriving.
- **RETURN ON FOOT** and build your tent and full set-up for the day.

ALL ARTISTS WERE INSTRUCTED TO BRING HELP a load in assistant or other support so that their unloading process is smooth and manageable. This allows one person to stay with their art and supplies while the other person goes to park. Also, it is NOT YOUR JOB as a block person to help them unload. It is NOT YOUR JOB to help them construct their tent. These task will bog you down. **Your job is to keep the flow of space assignments.**

HOW DO BLOCK CAPTAINS GET THE SPACING CORRECT?

On some blocks the ”Sponsor Tents” have been rented and are pre-set. If this is the case for your block, it is very helpful. It essentially establishes the ‘starting point’ for your block spacing. If not, no worries. If your sponsor tent is going to be pre-set, it will be noted on your maps.

If your block’s first tent is not pre-set, the Block Captain should stand where the firs tent is to set up to help ensure that the first tent is placed in the EXACT RIGHT SPACE to ensure it sets the standard for all other tents that will follow suit behind them.

Our team is HOPING to pre-mark all of the 10’ x 10’ increments on your block the night before ArtsGoggle. This is our first year to ever try this, so currently an unproven system but we are hopeful that it will help provide you with an easy-to-use spacing template on ArtsGoggle morning for when artist arrivals begin.

You’ll measure 10’ x 10’ spaces using your reliable measuring tool…a tent pole and chalk. The tent pole is 11' long, and has a piece of red tap at the 10' mark, leaving you a small 1’ handle to use for holding while you measure. Artists have reserved a 10' x 10' or 10' x 20' booth space, they will know which to ask for. If there is any confusion you will have a list of artist names and tent sizes in your binder to confirm. When the artist arrives ask them what size space they have reserved. Simply use the tent pole and chalk to mark off the space, tell the artist that space is theirs, and move onto the next artist.

A FEW IMPORTANT SPACING NOTES

- **Group A tents and Group B tents are not exactly back-to-back.** Instead, there will be a 2-foot channel that remains between the back side of Group A tents and Group B tents to allow for the electrical cables that provide power to the artists to have an alleyway. This also means that if we have an electrical problem at the event, our power crew can walk down the skinny channel to search for the problem without going in and out of every single artist tent.

- As Group A begins to set up, **please use your tent pole to make sure the tents are not 'creeping' too close to the south street curb**. You want to make sure the row of Group A tents is staying true to being 10 feet from that south curb to ensure sufficient space for pedestrians to walk as the event starts.

- As Group B artists arrive and set up their tent, **make sure the CAR TRAVEL LANE between Group B and the north street curb retains enough space for cars to keep passing through and exit the block.** Do not let the early Group B north-facing tents start to creep towards the curb because then cars won't have enough room to pass by and leave the block when going to part.

- Remember, **TENT LEGS MUST BE TOUCHING BETWEEN VENDORS. NO GAPS.** All tents are required to be shoulder-to-shoulder, leg-to-leg, side-by-side OR WE WILL RUN OUT OF ROOM FOR ALL VENDORS ON YOUR BLOCK. **Be militant about this please.**

OKAY, DEEP BREATH. THIS WAS *A LOT* OF INFO.

Just remember, what feels a little confusing now will suddenly make a lot of sense of event day. Don't let these instructions overwhelm you.

ARE YOU A FINE DETAILS PERSON? Great! That's why we explain every little thing to you so that your planner-brain can prepare.

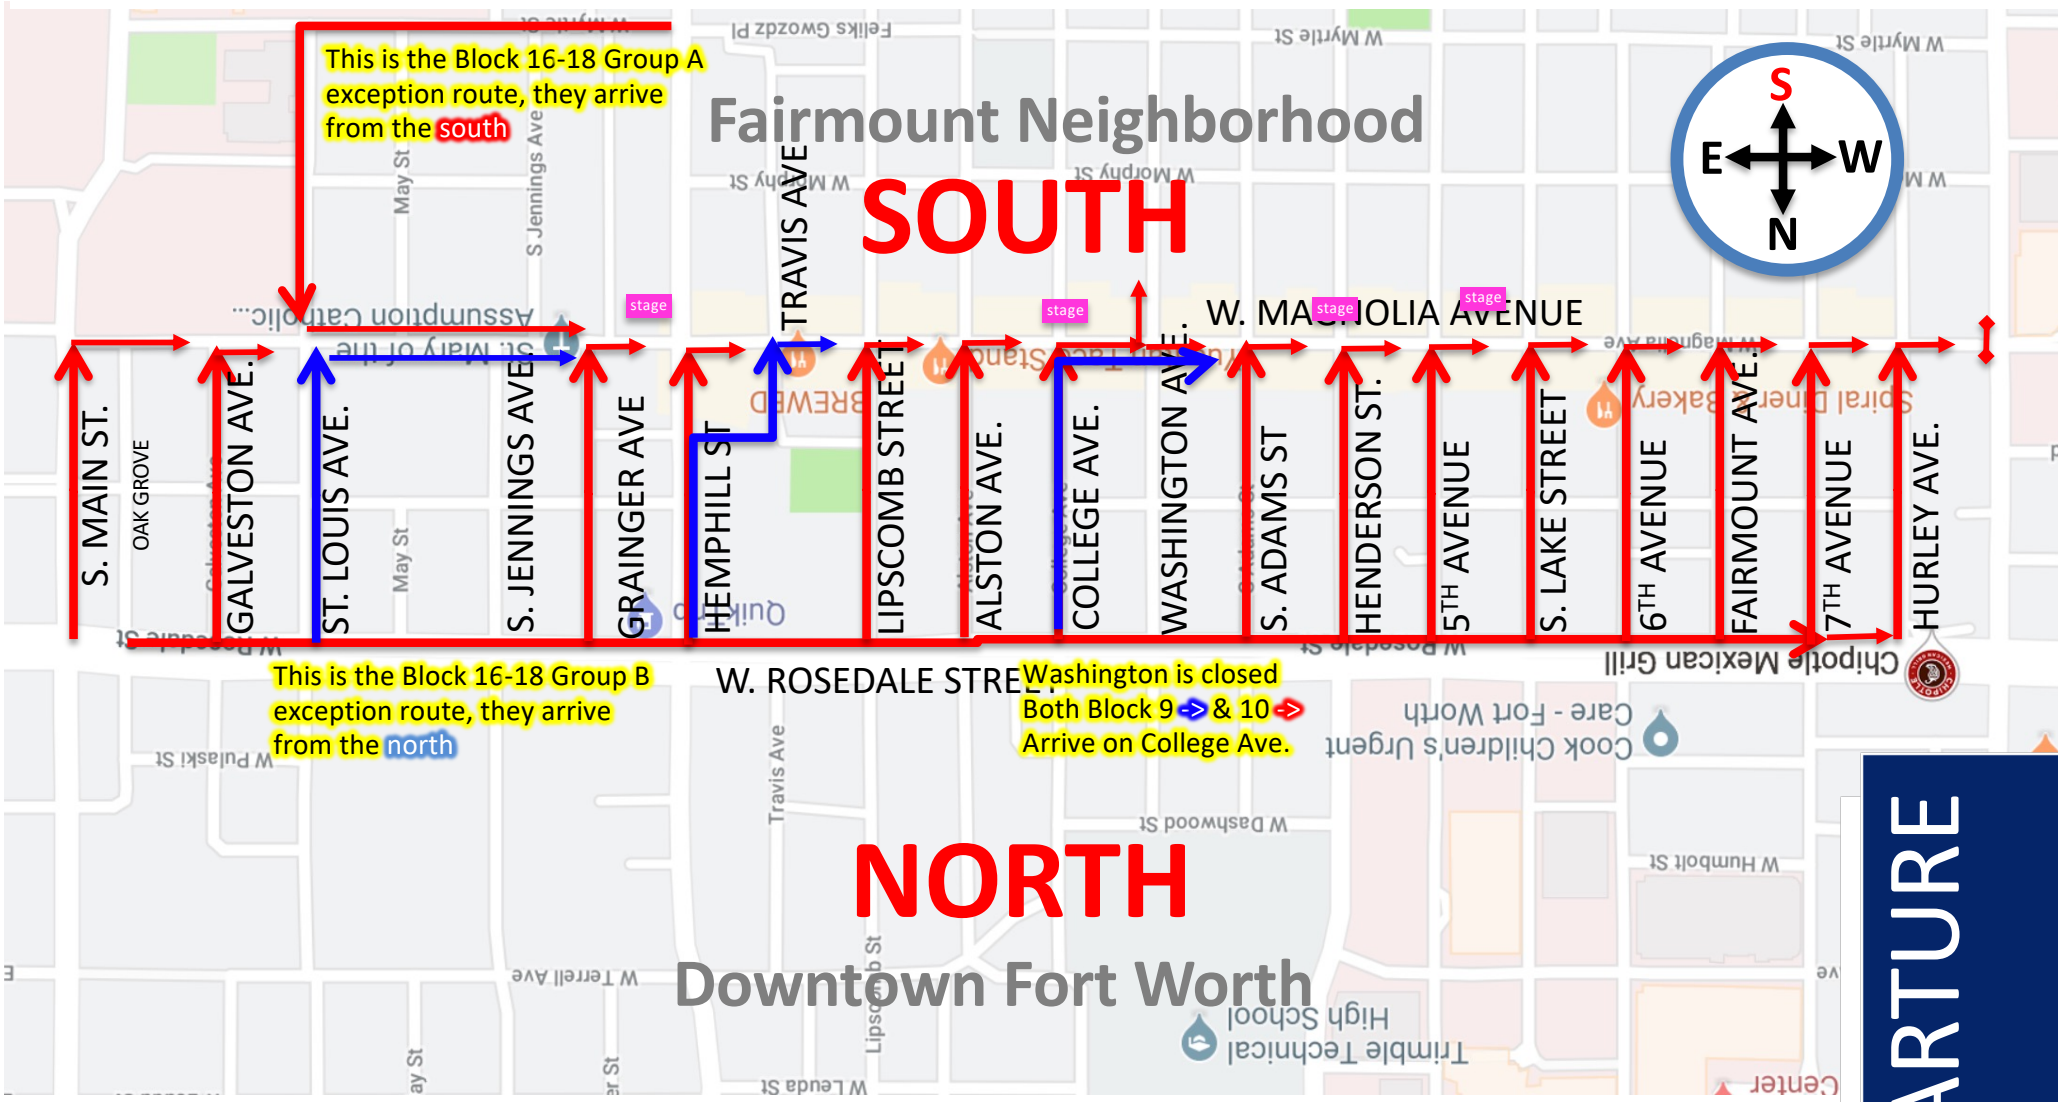

ARE YOU A BIG PICTURE PERSON? Cool! You'll skim this and think 'this'll make sense later' – and on event day you'll reference this again on your volunteer tools tab and it'll serve as a handy guide.

Either way, if you show up and things get hard, our management team is just one radio message away and we'll bet here to help!

END OF YOUR SHIFT

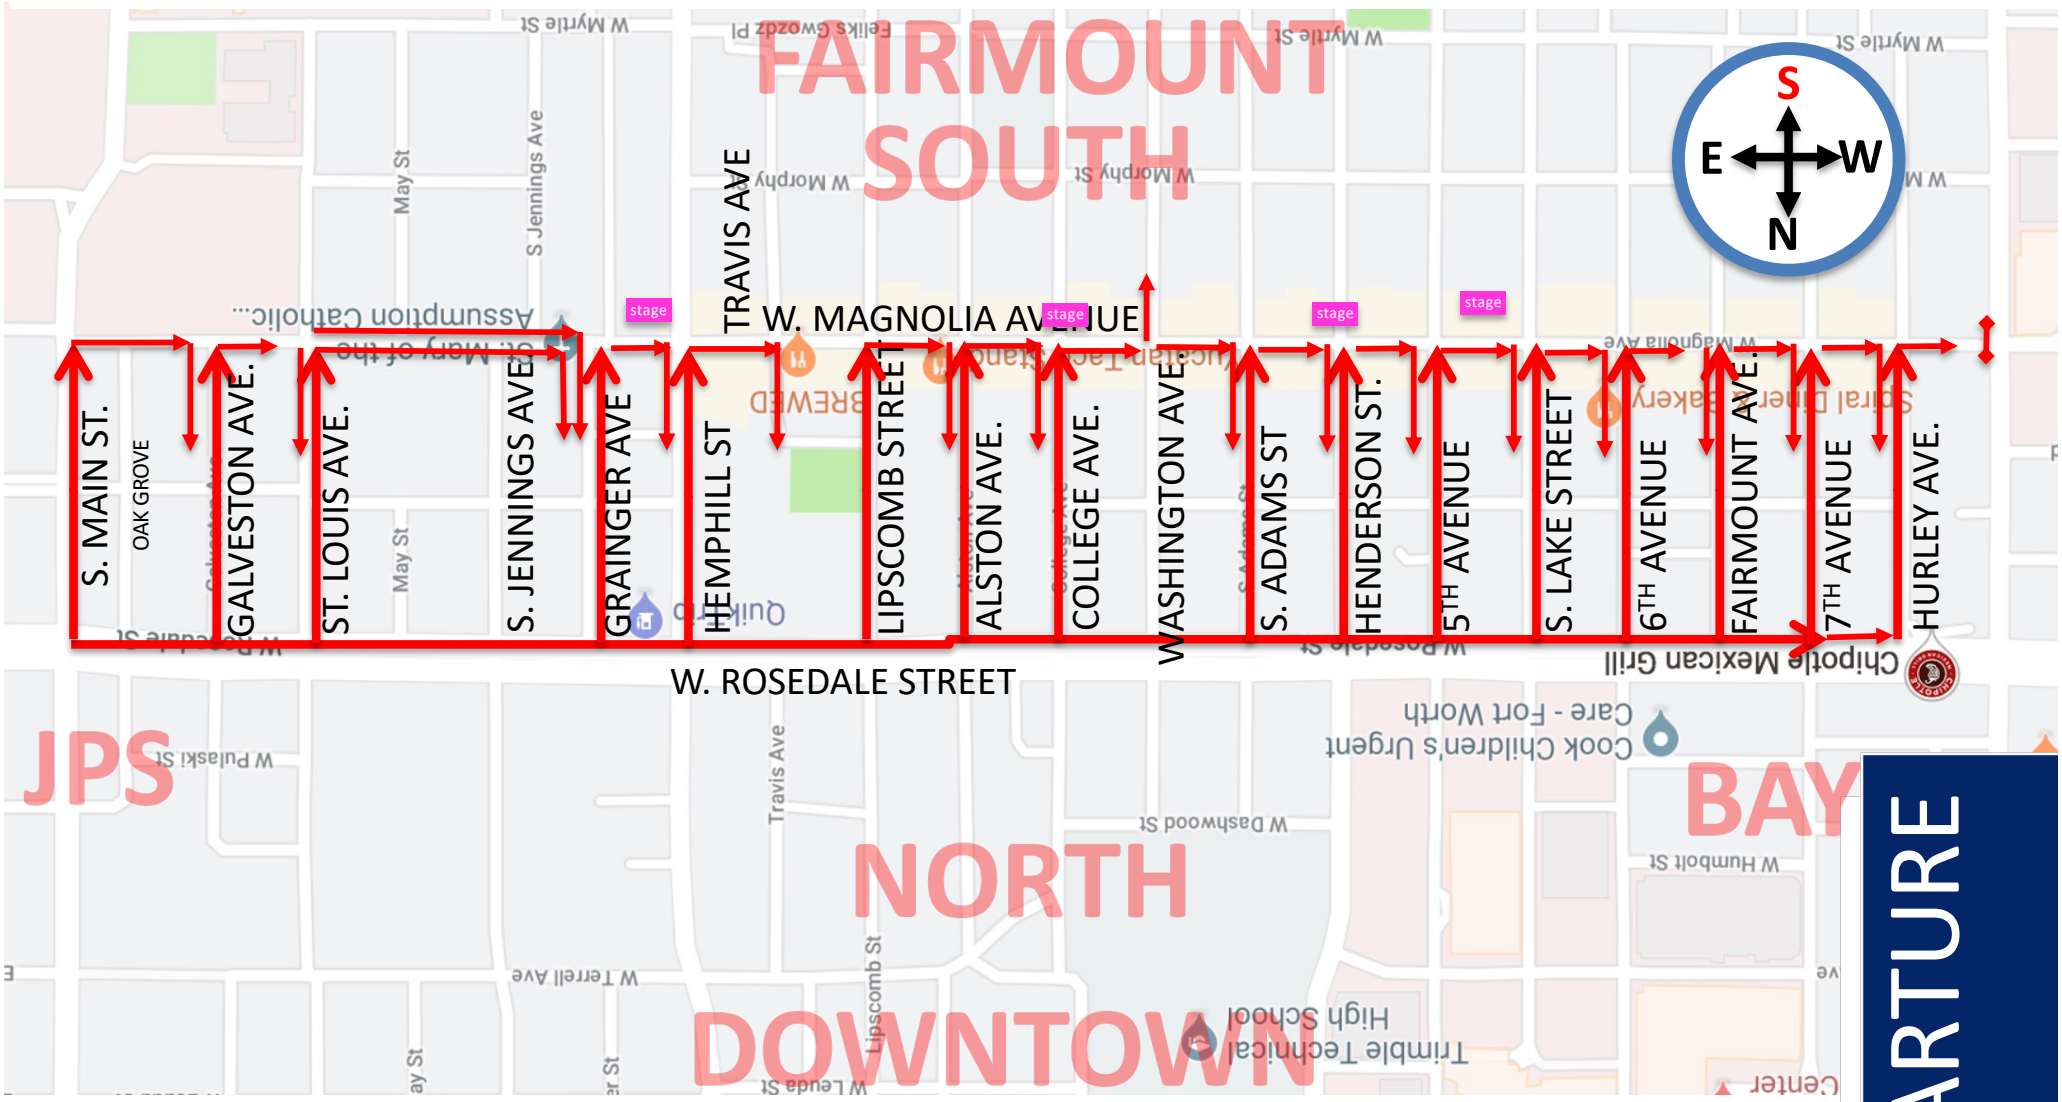

At 12:30pm when all of your artists have loaded into your block and the festival has started, your shift is over! Make sure your block signs are moved into place and then please return all of your volunteer supplies to One Safe Place at the Artist Lounge.
One Safe Place 1100 Hemphill Street, Fort Worth, Texas 76104 between Block 12/13
Please remember to put the radios and iPads on chargers and then go enjoy ArtsGoggle!

Artists will enter Magnolia from Rosedale,
heading <u>south</u> turning west (right) when they arrive to Magnolia
<u>(except block 16, 17 &18 Group A Artists, they arrive facing north turning left)</u>

Same map the same map used for arrival, but now again for breakdown when cars return to the street for packing and departure.

Artists will enter Magnolia from Rosedale,
heading <u>south</u> turning west (right) when they arrive to Magnolia
<u>(except block 16, 17 &18 Group A Artists, they arrive facing north turning left)</u>

Same map is used once again for artist breakdown when cars return to the street for packing and departure.

BREAK-DOWN

9:30pm Breakdown Volunteers Pick up radios, binders, barricade passes from artist lounge at 1100 Hemphill Street inside One Safe Place

9:45am Block Captains and Barricade Monitors in place

10:00pm Artists are asked to start breaking down their tents and packing up into the smallest area possible. All supplies should be neatly stacked and packed in their tent area.
For pedestrian safety, items cannot be placed in the drive-lane or on the sidewalk.

Once an artist has completely packed their tent, and ONLY after the artist is fully packed, the artist calls over a block captain to inspect their area for preparedness for departure.

Block Captain:
- ensures the artists items are fully packed and ready to load
- the ground is clean, all trash is removed, and all items are ready for loading
- reminds the artist of the way to re-arrive to the street using their driving maps
- Block Captain then **issues artist a BARRICADE PASS**

The Artist
- **go retrieve car** with barricade pass in hand
- bring cars **back to Magnolia using the very same arrival driving maps** used during set up
- **presents the BARRICADE PASS to the BARRICADE MONITOR**
- **TURNS RIGHT onto Magnolia Avenue**, no one at all turns left ever.
- pulls as close to their booth as possible, quickly loads items into the car, and departs.

All artists must leave the street by **midnight**
Street closure ends **Sunday 10:00am**

BREAKDOWN OVERVIEW

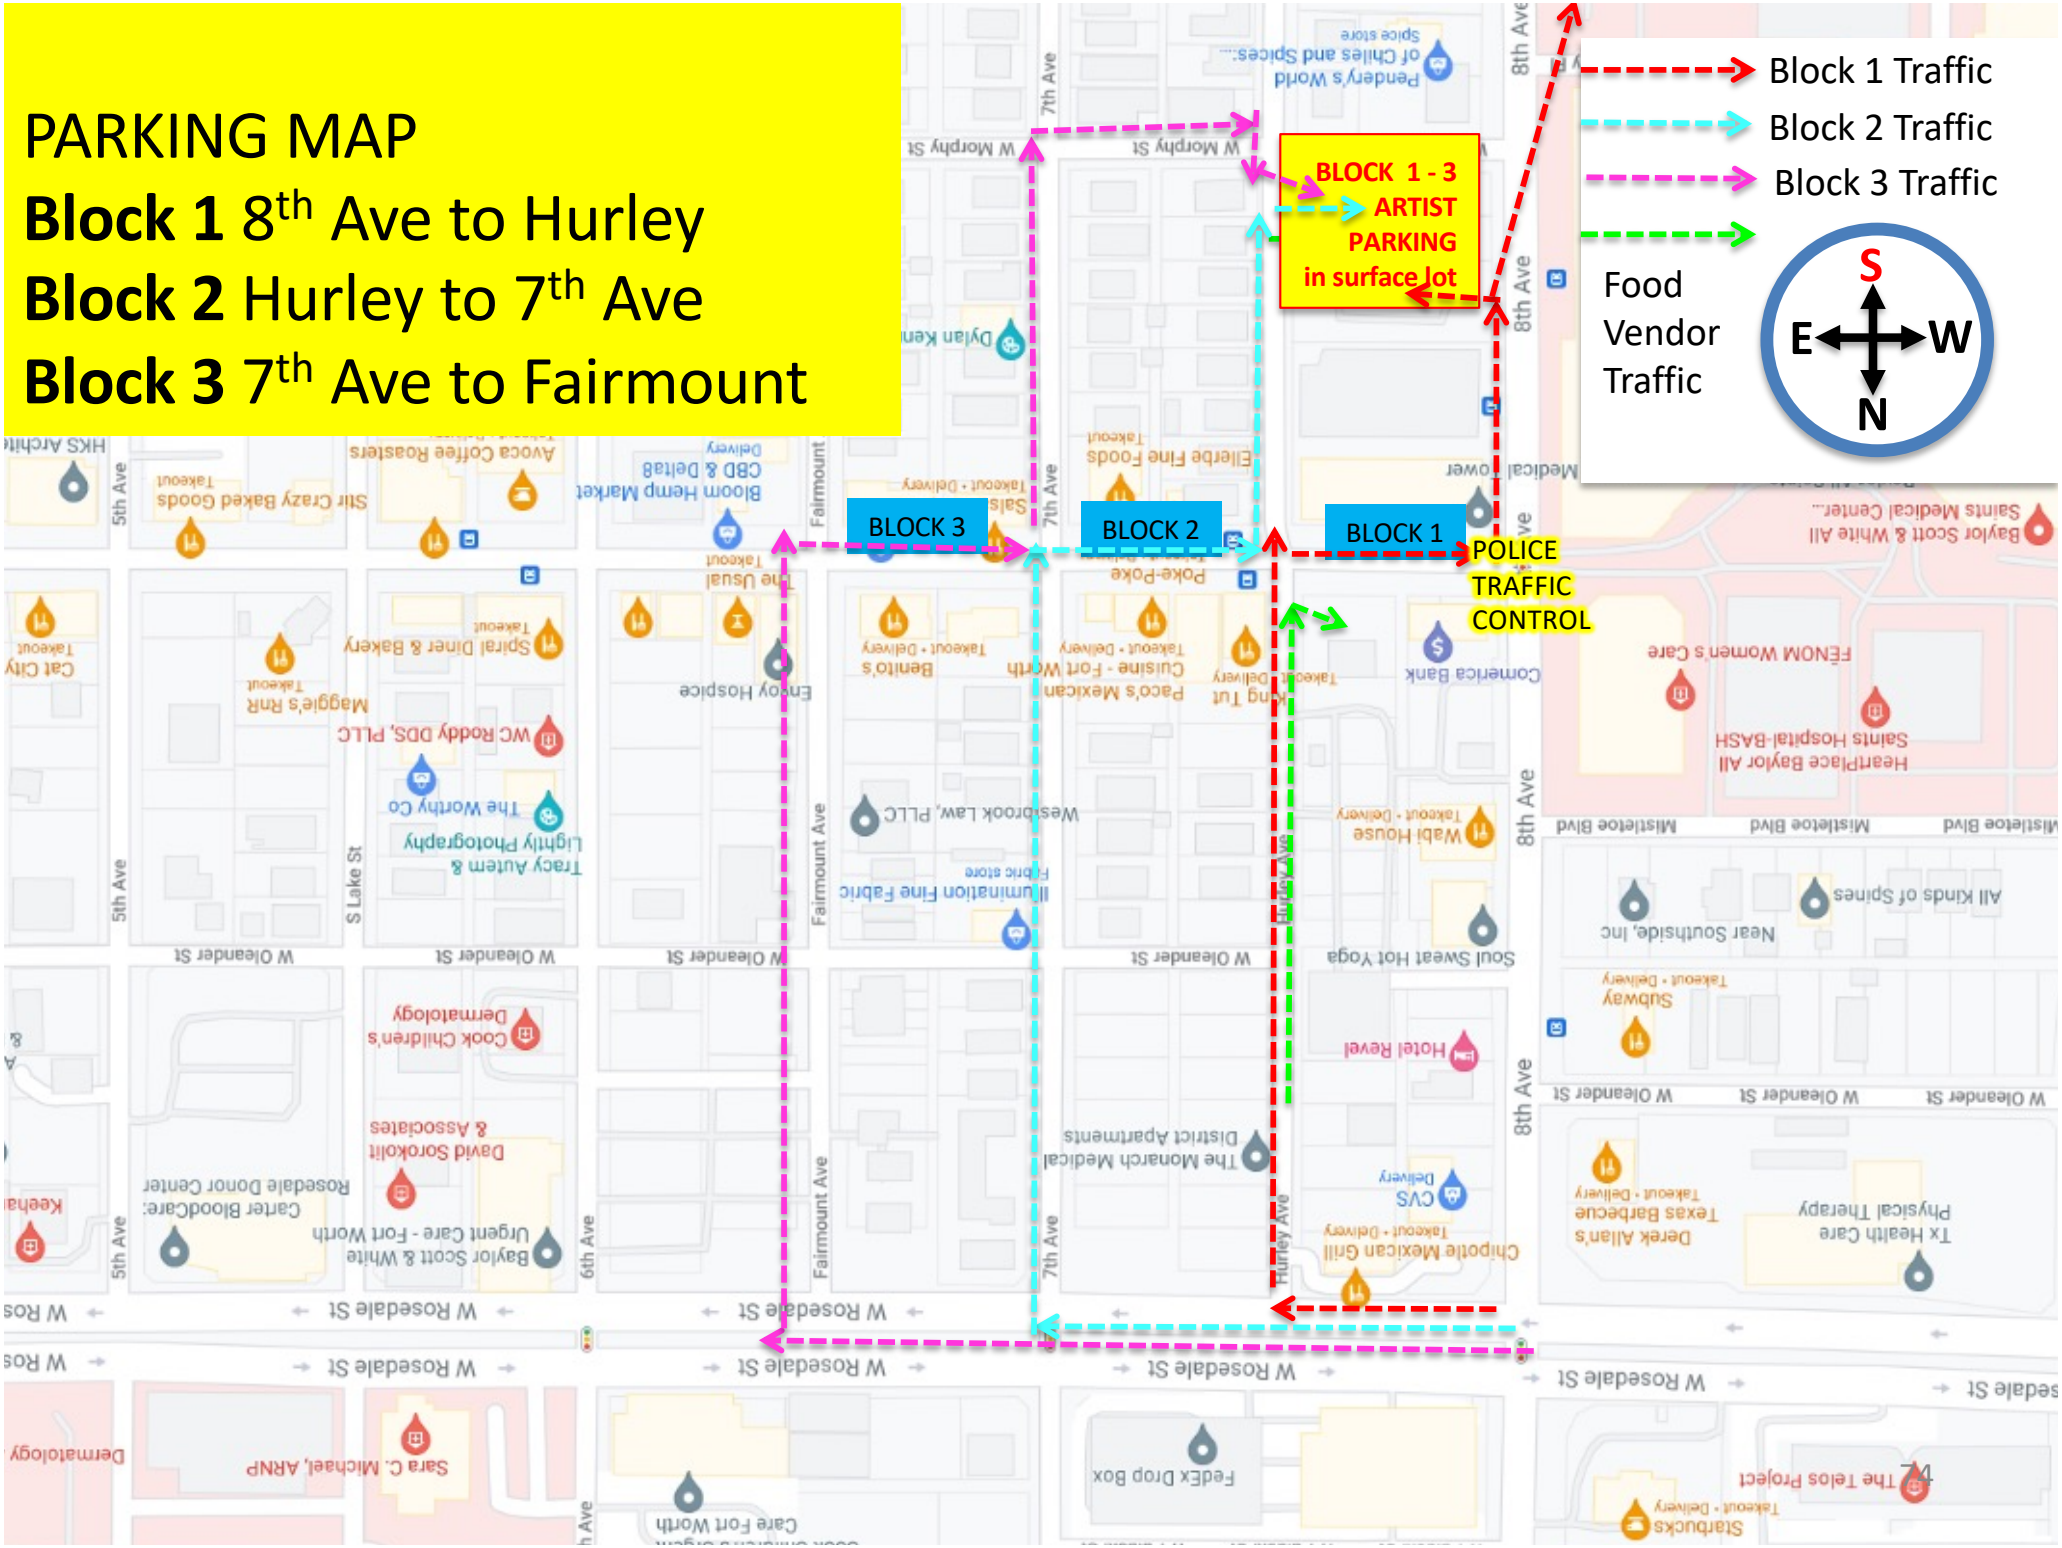

YOUR RE-ARRIVAL STREET:

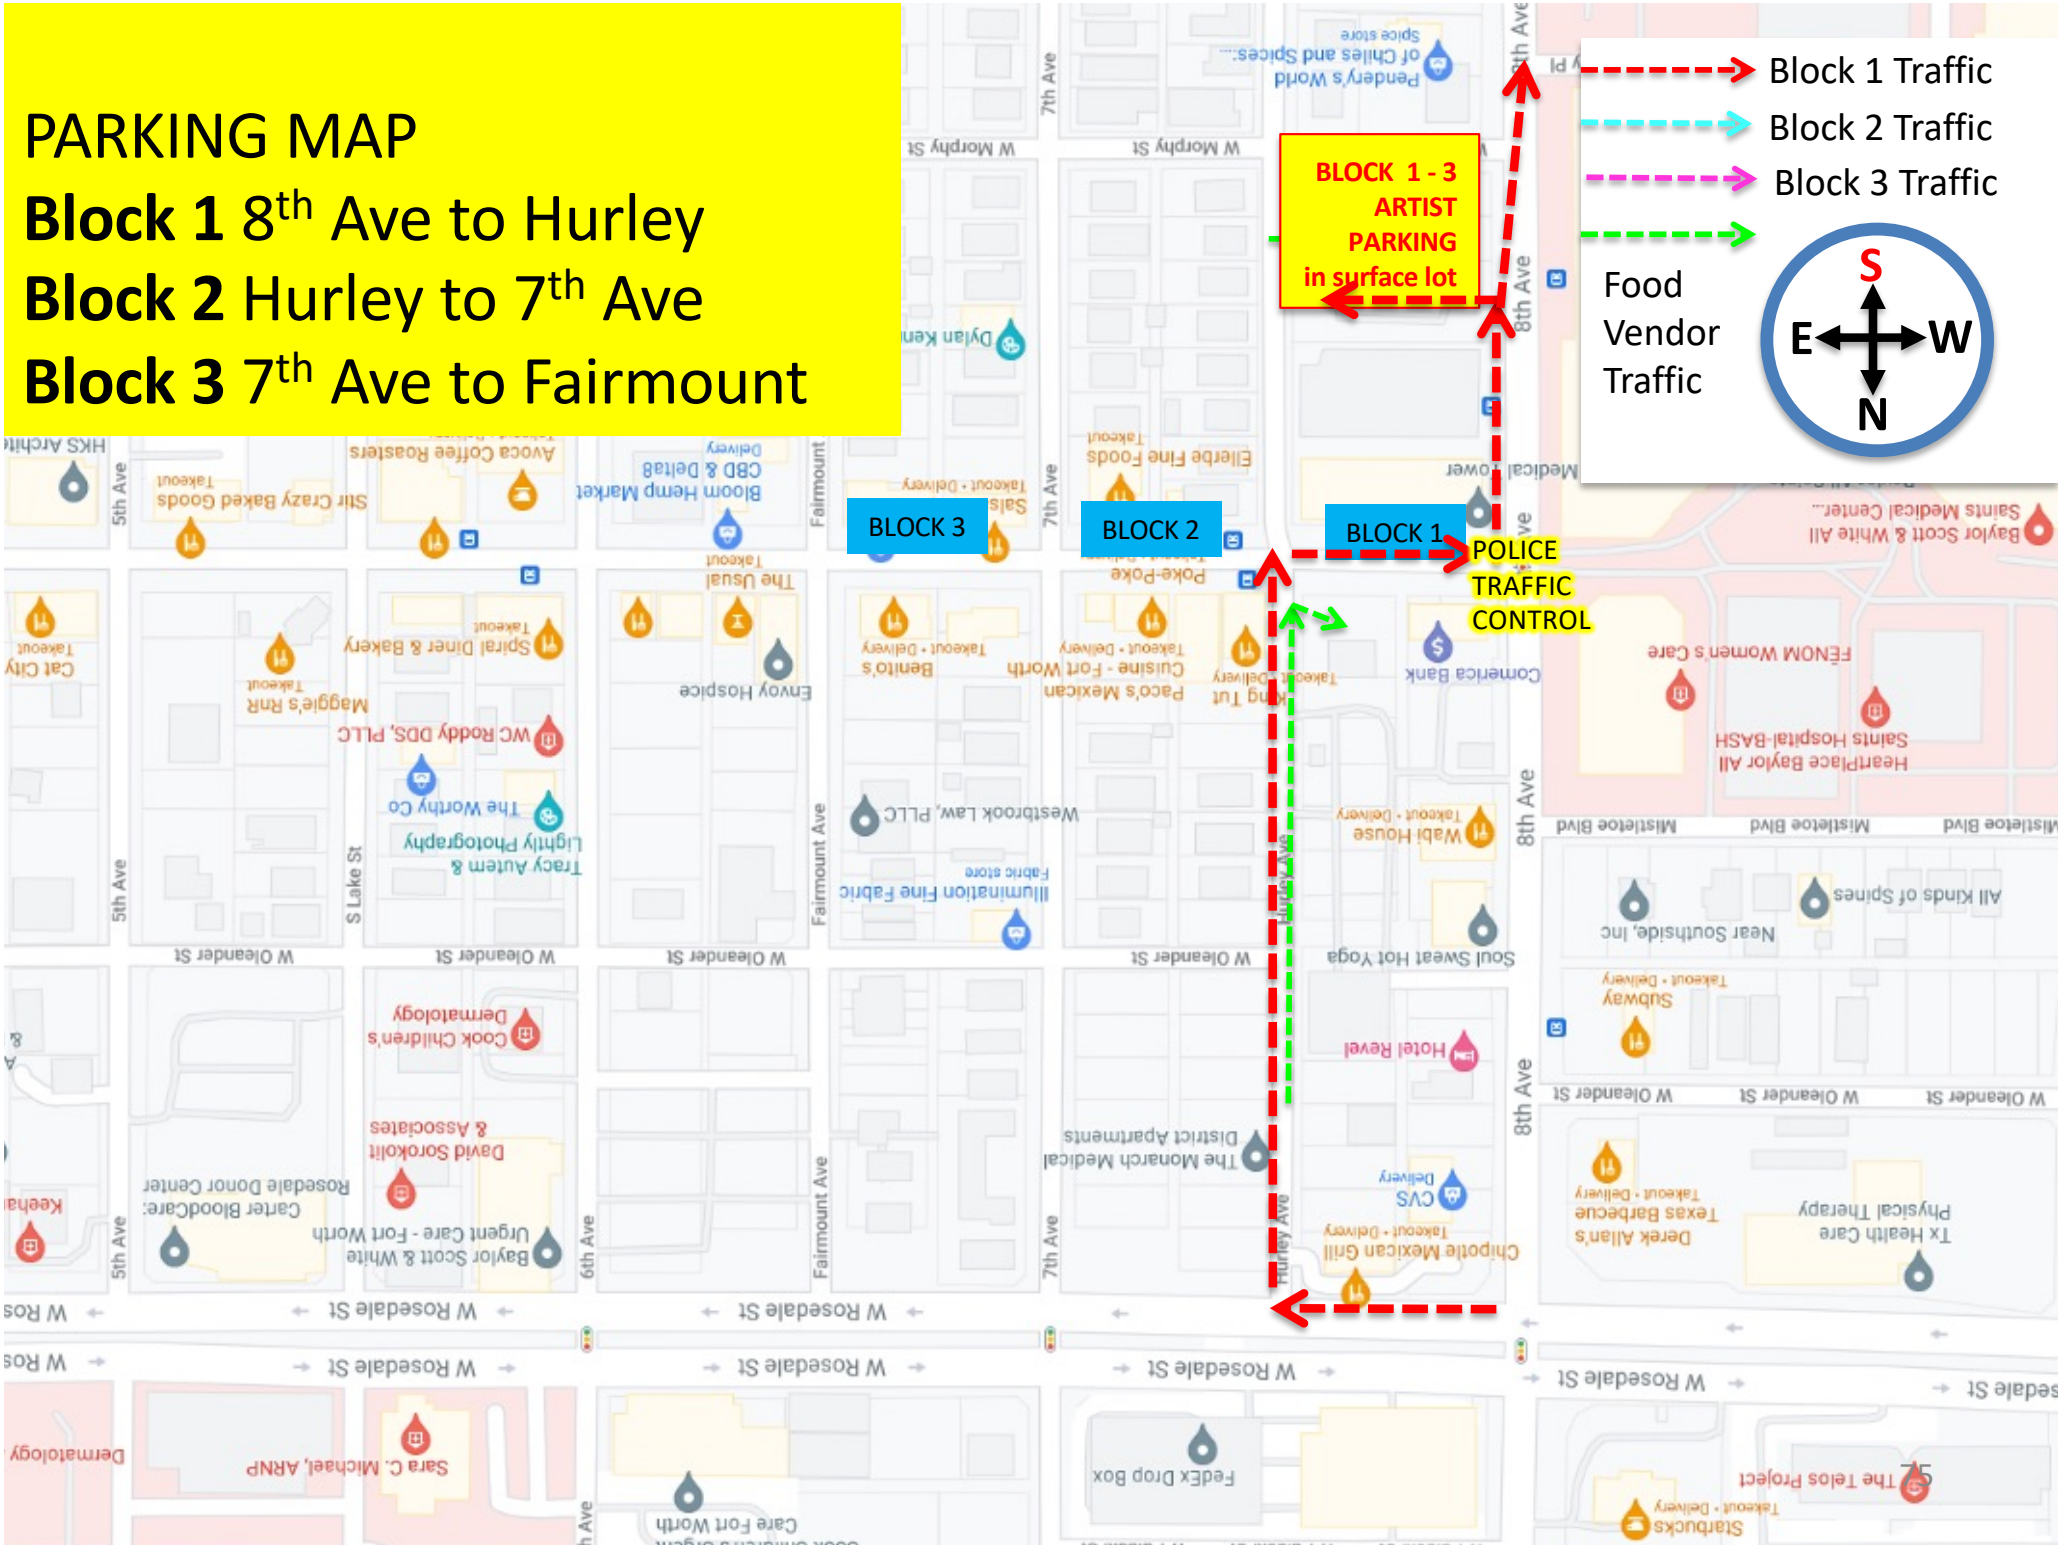

Block 01	Hurley Avenue, driving south
Block 02	7th Avenue, driving south
Block 03	Fairmount Avenue, driving south
Block 04	6th Avenue, driving south
Block 05	S. Lake Street, driving south
Block 06	5th Avenue, driving south
Block 07	Henderson Street, driving south
Block 08	S. Adams Street, driving south
Block 09	**DETOUR –** Arrive via College Ave, driving south Washington Avenue **road closed due to Cooper fire**
Block 10	College Avenue, driving south
Block 11	Alston Avenue, driving south
Block 12	Lipscomb Street, driving south
Block 13	**DETOUR ON THIS STREET**
	Arrive first on Hemphill Street, driving south
	One block south of Rosedale turn right into parking lot just before Paris Coffee Shop (see map)
	One block west turn left on to Travis Avenue, driving south to Magnolia
Block 14	Hemphill Street, driving south
Block 15	Grainger Street, driving south

SPECIAL PLAN Blocks 16, 17 & 18 Group A Re-Arrivals	**Group A for all <u>three blocks</u> will** arrive using the same street, St. Louis Ave. **COMING FROM SOUTH** of Magnolia You will be **facing north as you arrive** so you will take a LEFT TURN onto Magnolia Avenue **Remember these blocks are TRIPLE LOADED Breakdown will take patience. Keep your car along the south curbline to ensure that all vendors hoping to depart have access to load out**
SPECIAL PLAN Blocks 16, 17 & 18 Group B Re-Arrivals	**Group B for all <u>three blocks</u> will** arrive using the same street, St. Louis Ave. **COMING FROM NORTH** of Magnolia You will be **facing south as you arrive** so you will take a RIGHT TURN onto Magnolia Avenue **Remember these blocks are TRIPLE LOADED Breakdown will take patience. Keep your car along the north curbline to ensure that all vendors hoping to depart have access to load out**
Block 16	LEAP FROG BLOCK **ARRIVE VIA ST. LOUIS AVE** The Volunteers will help you LEAP FROG to Block 16 Set-up for this block begins at <u>corner of Grainger Avenue + Magnolia Ave where Block 16 begins</u>. Food vendors, turn onto Magnolia then drive ahead into parking lot where your food court is located

ARTSGOGGLE HENDERSON MAIN STAGE DELIVERY PLAN

Raised Roof Stage delivered by Brooks Kendall

Delivered: Friday, October 23 at 5pm

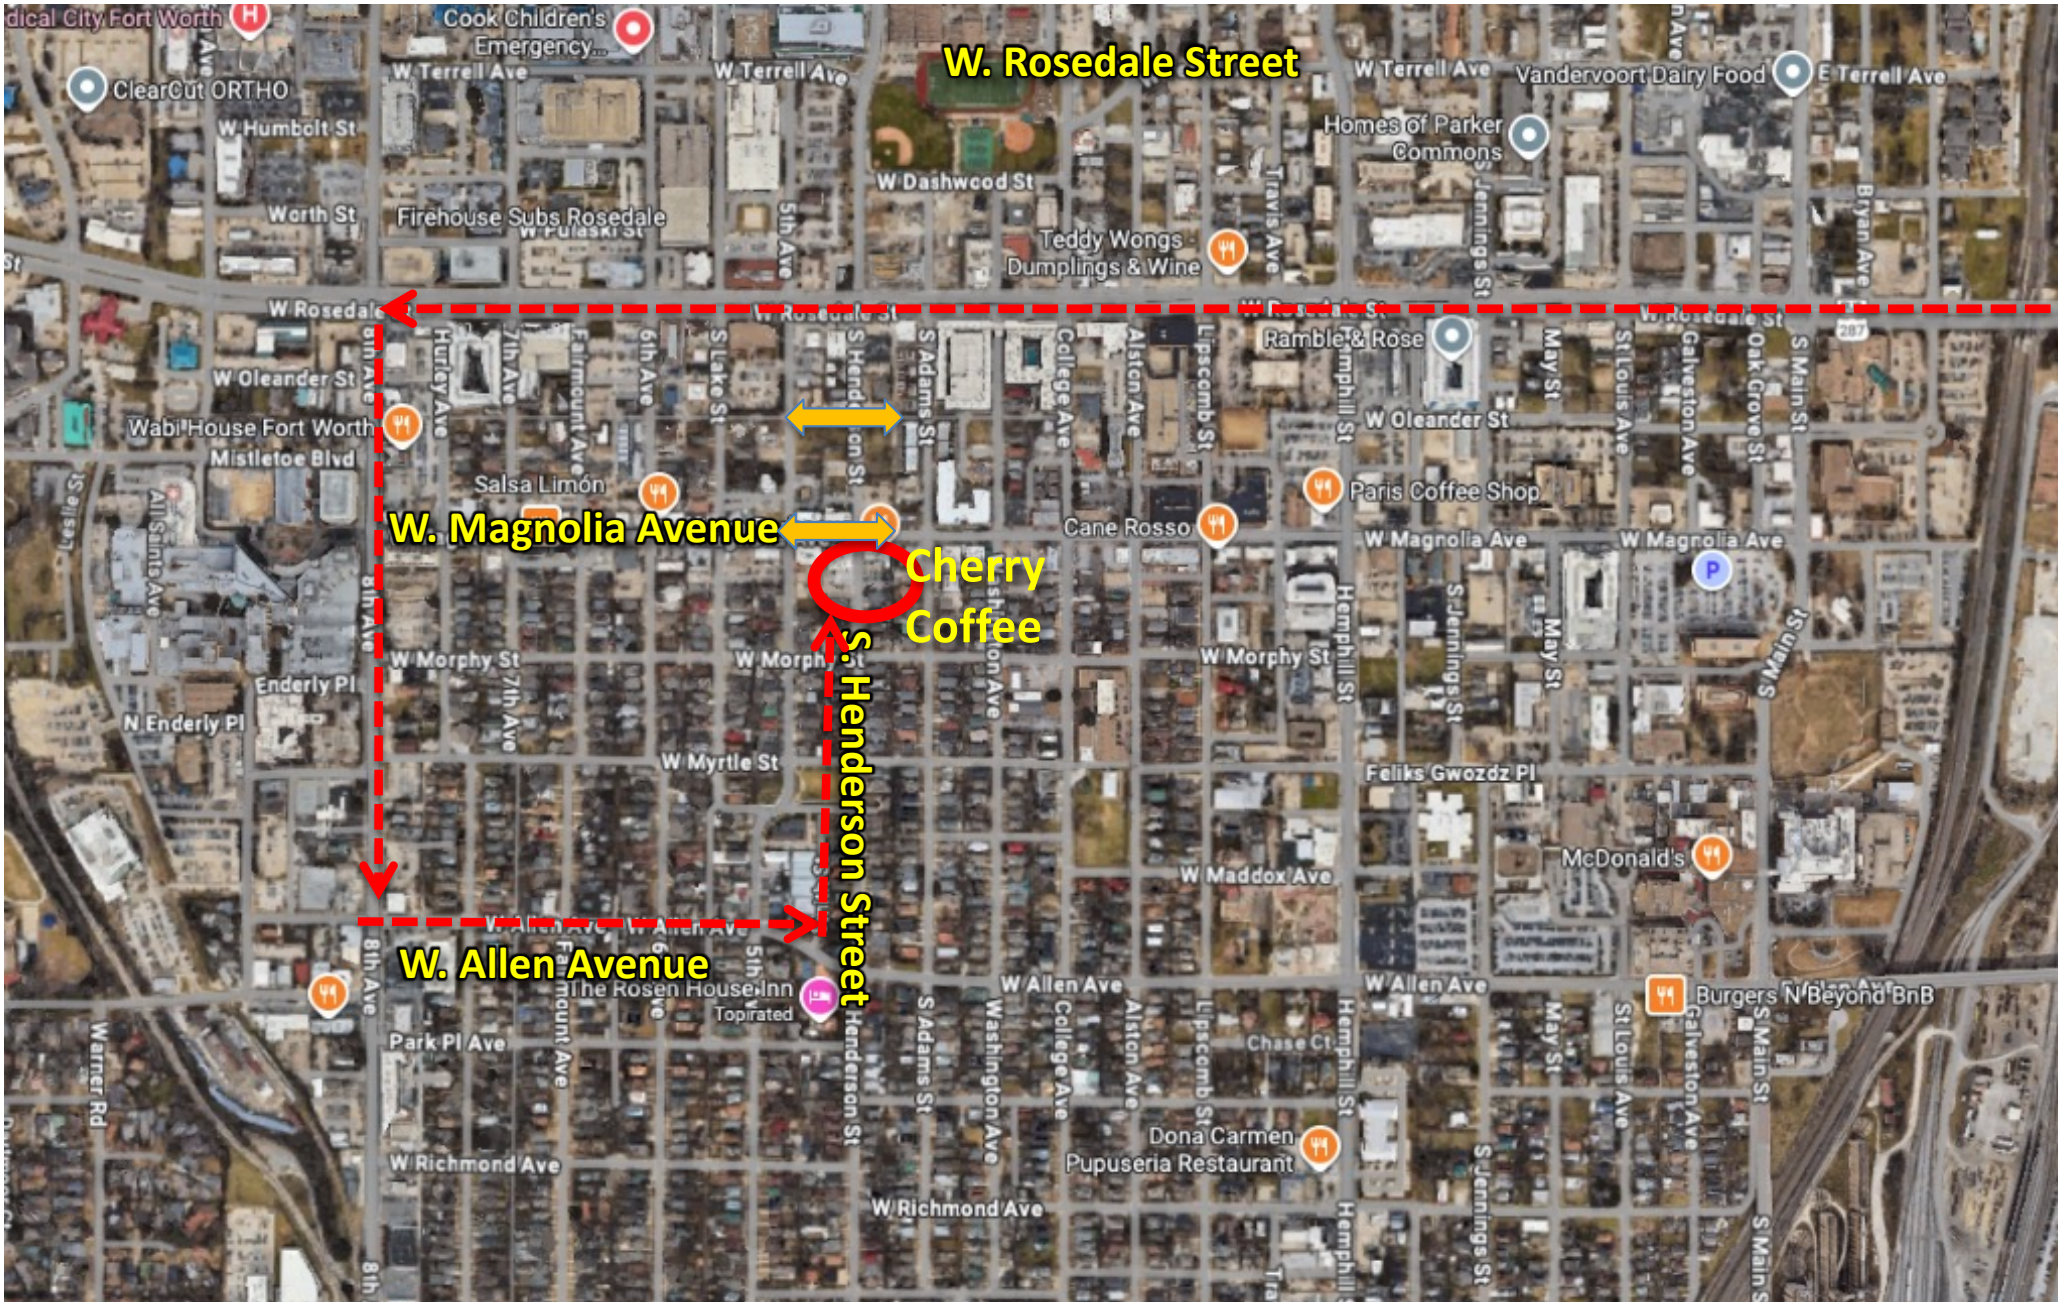

1121 W. Magnolia Avenue Fort Worth, Texas 76104

HENDERSON STAGE SCHEDULE

Friday, October 23
2:00pm - Street closure, managed by Near Southside, Inc.
3:00pm - Generator delivery CES
3:00pm - Stage delivery - Ideally asking for the stage delivery to be around 5:00pm on Friday, October 23.
3:00pm – Stage Banner Delivery
5:00pm - Lights
Midnight to 8:00am - FWPD OFF DUTY security will be patrolling all 21 blocks throughout the night

Saturday, October 24 — ArtsGoggle Day
Bands perform noon to 10:00pm, performances are every hour on the hour for 45 minutes with 15 minute stage change between
If load-in or load-out runs long, Emcee and Stage Management will adjust set-times as needed.

ArtsGoggle day 7:30am to Noon - Artist cars begin arriving at 7:30am on Saturday, and nearly ALL streets north of Magnolia will be handling hundreds of cars. It will be hectic. Keep everything you can on Henerson and try to have nothing require Magnolia Avenue access as it will truly NOT be accessible.

Friday - lighting installation
Friday - Sound equipment load in
Saturday 6:30am - LOOT RENTALS furniture delivery
Saturday 10:00am - Stage management on site
Saturday 11:00am - Full sound and lights stage test - **REMINDER IF YOU ARE TESTING EARLY THAT WE HAVE APARTMENTS AND SINGLE FAMILY HOMES NEARBY. BE THOUGHTFUL WITH VOLUME LEVELS PLEASE.**
11:00am - First band arrives for load in
11:55am – Emcee first stage announcement
12:00pm - First band begins
10:00pm headliner ends
10:15pm final stage announcements and band load-out
10:30pm stage breakdown
10:30pm Taylors team on site to remove tents behind and beside stage
Midnight-ish stage leaves the street. Banners delivered to Near Southside staff member.

PANTHER CITY PUPPETS

For the puppet performance schedule, I think it'll be basically the same as last year to make sure we walk past every artist:
1:00 - 1:30pm from Lake Street, going west to 8th Ave, and back east to Lake Street.
3:00 - 3:00pm from Lake Street, going east to One Safe Place.
5:00 - 5:30pm from One Safe Place, going east to South Main Street, and back west to One Safe Place.
7:00 - 7:30pm from One Safe Place, going west back to Lake Street.

Kendall's apartment is on Lake Street, so we can store the puppets there before & after ArtsGoggle. Puppet Team will meet at Kendall's or One Safe Place at least 15 minutes before each performance so that we can prep the giant puppets. Nicole Dawson's team will need to meet us at least 5 minutes before each performance. And we'll use the Hip Pocket puppets (who will also be joining us) to warm up the crowd before each performance starts, then lead the way to clear room for the giant puppets.
